Associated Oregon Loggers/SAIF partnership

Workers' comp insurance program and safety services

Safe workplaces protect workers, save employers money, and strengthen Oregon's economy. AOL's unique and long-term relationship with SAIF provides association members with specialized logging jobsite safety and return-to-work services.

AOL is an association with expertise in servicing the needs of logging customers insured in the SAIF workers' compensation program. Insurance Manager Tim Joslin oversees the programs out of the Salem office and brings over 14 years of workers' comp experience to the team. Each of the safety consultants are experienced, licensed workers' comp producers. AOL staff has well over 100 years of combined experience providing excellent service and being a voice for Oregon's forest contractors.

Program features:

- Negotiating the best rates for members
- Policy review and strategic planning
- Assistance with claims management
- Classification audit assistance
- Certification of coverage

Program staff services:

Five statewide safety management consultants

- "In the woods" approach...assisting with safety programs and procedures
- Jobsite hazard assessments
- Oregon OSHA consultation
 - Rule compliance
 - Citation evaluation and assistance
- Accident investigation and prevention
